As we look over the Annual Reports of the Union in the past, and note how the society has steadily grown year by year, we feel that we have good cause for gratitude in having the confidence and helpful co-operation of the public.

The future has still in store for us many practical problems to solve, many opportunities for still larger development in the interest and well-being of the young men in our midst, and the Trustees fully realize the importance of increasing the size of the "Permanent Fund" by donations and legacies from interested friends, thus assuring an income which will place the Union upon a

strong financial basis, and enable them to push forward in an active and vigorous manner the work of the Society.

THE BOARD OF GOVERNMENT.

COMMITTEE ON FINANCE.

COMMITTEE ON FINANCE.

It is with sincere pleasure that your Committee again presents a report of the financial condition of the Union during the year ending March 31, 1906, and also with feelings of marked appreciation that, as in the years gone by, the finances are in a satisfactory and healthy condition.

Of course, we have a growing ambition to extend our work and influence, to accomplish more in the interests and welfare of the young men with whom we come in contact, but we have to "cut our garments according to our cloth," and the amount of cloth depends upon our benefactors and friends.

The Committee is deeply grateful to the many kind and interested friends for the continuance of their favors and generous donations for the "General Purposes" of the Union, by which we have been enabled to carry on successfully the work of the Union in its various departments, and to meet promptly all financial demands.

In answer to invitations by the Chairman of the Finance Committee, by letter or in person, many friends of the Union, ladies, gentlemen, and business firms, as always, have most kindly and cheerfully responded.

Many of these friends have called, or forwarded amounts by mail or otherwise to William H. Baldwin, President (Chairman of the Finance Committee), at his office in the Union Building, 48 Boylston Street.

The Committee also deeply appreciate the many kind expressions of interest in the success and welfare of the Union which accompanied the gifts, and which give us re-

newed courage to press forward in our ever-increasing work for the young men of Boston and vicinity.

As the work increases continually in our several departments, we are prompted to say that, should any friends wish to favor us by donations for the "General Purposes" of the Union, we assure them their kindness will be appreciated.

All amounts received will be entered in the "Book of Donors," and receipts sent by mail or given at the time.

The Committee present (on the next page) the financial statement by the Treasurer, William L. Richardson.

COMMITTEE ON LECTURES, CLASSES,
AND ENTERTAINMENTS.

LECTURES, CLASSES, AND ENTERTAINMENTS.

The work of arranging the lecture courses, educational classes, and entertainments is one of the most vital and important in the work of the Union, the large attendance in the classes testifying to the interest, appreciation, and benefit felt by the student members.

The best instruction is furnished each season in the classes in Languages, Law, Arithmetic, Drawing, Elocution, English Literature, Debating and Stenographic Clubs. In the various languages native speaking teachers are procured.

Our entertainments cover a wide field, including the drama, music, reading, and stereopticon lectures. These are given Wednesday evenings in The Union Hall by artists from carefully selected amateur and professional sources.

The ladies and gentlemen who serve us at these times do so gratuitously, and their efforts are much appreciated by the Board of Government as well as by the audiences. These entertainments are of slight cost, especially in comparison with the great pleasure they bring those who benefit by them.

As often as possible, the members of the Union are pressed into service upon these occasions, and their appearance adds greatly to the pleasure of their friends.

We take the opportunity of acknowledging our indebtedness to the many entertainers of the past winter, assuring them of our grateful appreciation.

Our lecture course—the “Practical Talks”—is well

known, and furnishes valuable instruction to many. The illustrated lectures on travel are especially popular.

Mr. H. C. Bronsdon, as usual, has charge of the detail of the entertainment work. His wide acquaintance with the various artists enables him to secure some of the best talent, thus making the entertainments what they aim to be,—instructive, entertaining, and elevating.

Term, twenty weeks, beginning Oct. 30, 1905. One lesson per week in each class. Fee, \$1.00, returnable (to Union members) at close of term, less ten cents for every unexcused absence.

In this "strenuous" age the demands of business are so pressing that many of our young men feel a natural inclination to devote their evenings to entertainment rather than to education. Notwithstanding this tendency, however, our class registration for the past season shows a decided gain over that of last year, and the work has been continued, under experienced and faithful teachers, with the usual success.

Our classes have been the same as last year with the

addition of a course of lessons under the direction of "The National First Aid Association of America," conducted by Dr. George L. Baker, which proved of exceptional interest.

We have been sorry to lose from our corps of teachers Mr. William Lincoln Smith, Mr. A. E. Taylor, and Mr. C. R. Nutter, all of whom have rendered excellent service, continued in the first two instances through several seasons. These teachers have been succeeded by others whose names appear in our schedule, and who have proved equally satisfactory.

We are pleased to note the welcome return of Mr. Cecil Harper to his class in English Literature, and to mention the increasing interest in the Civil Service Class during this, its second season.

The Parliamentary Class has enjoyed the services of two distinguished leaders during the season, Mr. Henry D. Coolidge, clerk of the Massachusetts Senate, and Mr. J. W. Kimball, clerk of the House of Representatives. Under this excellent supervision the class has discussed various questions of the day with vigor and ability, and the following list of Resolves shows the wide scope of the debates:—

Resolved, "That the present executive of the United States is responsible for the official corruption of the different departments of the United States."

Rejected.

Resolved, "That a Good Government Association is essential for the betterment of political and social conditions in our cities."

Adopted.

Resolved, "That the tariff should not be revised at the present time."

Rejected.

Resolved, "That his Honor the Mayor be instructed to investigate the charges made by the Good Government Association on the Fenway graft."

Rejected.

Resolved, "That Life Insurance Companies of New York State are well managed."

Rejected.

Resolved, "That the State appoint a Metropolitan Board of Police to have charge of all towns and cities."

Rejected.

Resolved, "That municipal ownership of the street railways by the city of Boston would be an unwise policy."

Rejected.

Resolved, "That municipal ownership of the gas and electric plants would be beneficial to the city."

Adopted.

Resolved, "That the Civil Service system is detrimental to the public, and should be abolished."

Rejected.

Resolved, "That labor unions are not a benefit to the public."

Rejected.

Resolved, "That the present large salaries of corporation officers are justifiable."

Adopted.

Resolved, "That the suffrage should be extended to women on the question of granting licenses."

Rejected.

Resolved, "That immigration should be further restricted."

Rejected.

Resolved, "That pool tables, billiards, checkers, dominoes, and other harmless games provided for in church vestries would prove a benefit to the community."

Rejected.

Resolved, "That the Boston Board of Police Commission should be elected by the citizens of Boston."

Rejected.

Resolved, "That the Chinese Exclusion Law should be repealed, and the admission of Chinese into the United States be regulated by the same laws that govern the admission of other nationalities."

Rejected.

Resolved, "That indoor gymnasium exercise is not a benefit to health."

Rejected.

Resolved, "That the present law regarding the height of buildings in Copley Square is unjust."

Adopted.

Resolved, "That the free and unlicensed sale of wine, spirits, and liquors would tend to improve the moral tone of the Commonwealth."

Rejected.

Resolved, "That the annexation of Cuba would tend to retard Cuba's progress."

Adopted.

Resolved, "That the several States of the United States ought to be represented in the Senate of the United States in proportion to their inhabitants, each State to have at least one Senator, and the total number of Senators not to be over one hundred."

Rejected.

Resolved, "That the practice of vivisection should be strictly regulated by law."

Adopted.

Resolved, "That an "open Sunday" would be a benefit to the people."

Rejected.

Resolved, "That the bill now before the legislature for preventing premature burials should become a law."

Adopted.

Resolved, "That the influence of newspapers during murder trials and investigations by legislatures is detrimental to public morals."

Rejected.

Resolved, "That women should be given the right to vote in city elections."

Rejected.

Resolved, "That United States senators should be elected by popular vote."

Adopted.

The foregoing report of our educational effort is but an inadequate comment on the good work of our faithful and able teachers. An increasing appreciation of their services is hoped for, and a continued assurance of the usefulness of the Union's Evening Classes.

RECEPTION-ROOM AND OFFICE.

(Decorated for the Public Anniversary Reception.)

PUBLIC ANNIVERSARY AND RECEPTION.

Amid the brilliancy of electric lights, an abundance of American flags and bunting, potted plants and flowers, all tastefully and effectively arranged, the fifty-fourth anniversary of the Union was held on Wednesday evening, May 24, 1905, from eight to ten o'clock.

The occasion was one of delightful informality, and was in the nature of a promenade concert, the entire building being thrown open to visitors. In fact, everybody was cordially welcomed and a large and notable gathering of ladies and gentlemen passed to and fro through the various rooms of the building, greeting the Board of Directors, who received in the President's and Directors' Room, tarrying in the great Library and Reception Room to listen to music by the Salem Cadet Band, climbing the stairs to The Union Hall, where the Raymond String Quartette and the Apollo Male Quartette divided the honors of a vocal and instrumental programme, taking a peep into the various class-rooms, where work in freehand and mechanical drawing was on view, and last, but not least, visiting the Gymnasium, where a succession of drills was given, as well as an informal exhibition by numerous and well-trained athletes in light-weight wrestling and other gymnastic feats, accompanied by the Union Orchestra, Ashton Lewis, director.

The potted plants and floral features were kindly donated by Mr. Thomas F. Galvin, and were much appreciated and admired.

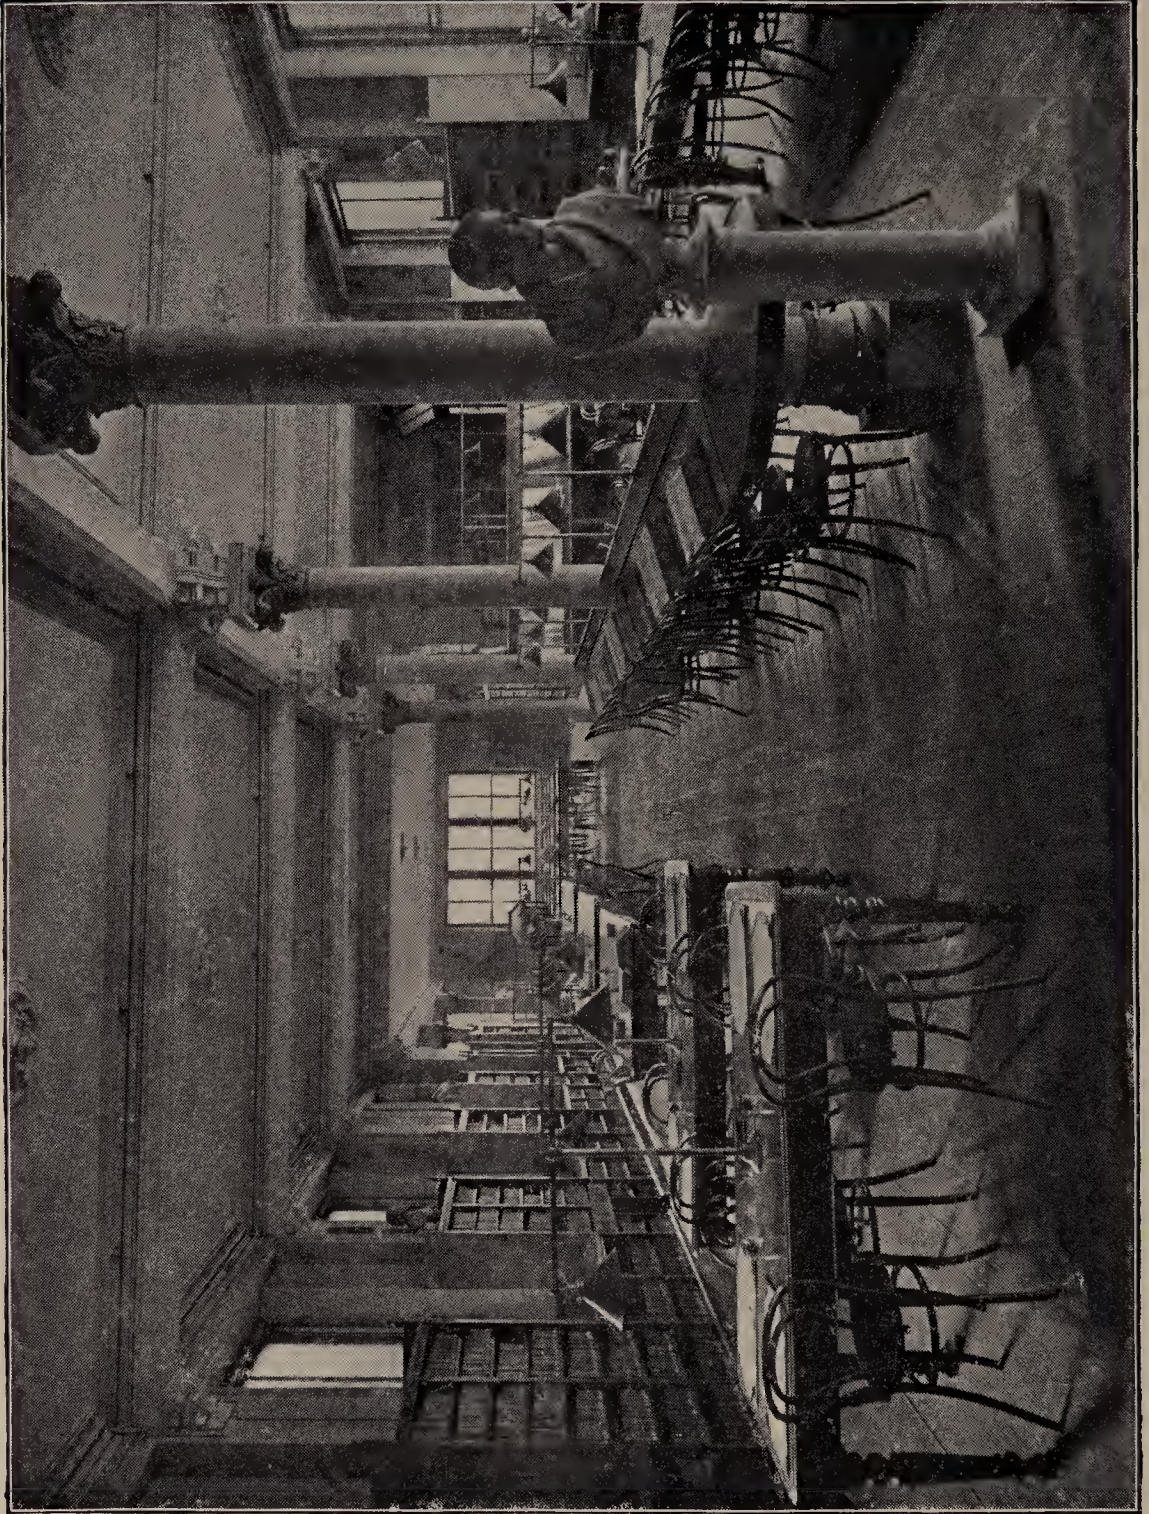

The anniversary is a "red-letter day" in the social calendar of the Union, and is an occasion when past and present members and friends of the Union have an opportunity of meeting each other and renewing old friendships and associations.

COMMITTEE ON LIBRARY.

LIBRARY, FROM RECEPTION-ROOM.

COMMITTEE ON LIBRARY.

In addition to his duties as Assistant to the President, Richard Ray, Jr. has continued in charge of the Library, and the following report by him shows the general condition of this department during the year:—

Number of volumes at the beginning of the year (April 1, 1905)	17,549
Added by gift	16
Added by purchase	391
Bound from periodicals	24
Missing volumes returned	40
	471
	18,020
Missing and withdrawn	168
Number of volumes in Library at present time . .	17,852
Volumes rebound during the year	614
Volumes worn out and replaced	34
Issued for home reading	19,749
Charged (April 1, 1906) as out	532
Number of volumes in the Study	297

One hundred and fifty periodicals were received during the year; *i.e.*, twenty dailies (of which four were duplicated), seventy-two weeklies, two bi-monthlies, forty-nine monthlies, and seven quarterlies.

Duplicate copies of the following monthly magazines—*Century*, *Harper's*, *Scribner's*, *Outing*, *New England*, and *Atlantic*—were bound in covers, prepared for home reading as soon as received, and kept in circulation three months, members taking one of these in addition to one volume at a time from the Library.

The record for the year was as follows: *Century*, 339; *Harper's*, 370; *Scribner's*, 350; *Outing*, 205; *New England*, 63; and *Atlantic*, 76,—a total circulation of 1,403.

No attempt has been made to keep an accurate account of the young men and others who visited the Library and Reading-room to consult the reference books or periodicals. At times during the winter months the attendance has been larger than ever before. During the week beginning Wednesday, Feb. 7, 1906, a record was taken of the number of persons visiting the Library and Reading-room, and the statistics in detail may be found in the Report of the Room Committee on page 57.

In any library, and especially one for young men, there must be something more than books and magazines, chairs and tables. "There must be an atmosphere of welcome and a homelike feeling that breathes freedom and fellowship," and it has always been the earnest desire of the Committee to foster and encourage this spirit.

The open-shelf idea,—*i.e.*, all books directly available for readers,—which has been in practice here for so many years, not only insures quick service, but is a custom much appreciated.

Every day during the year, including Sundays and holidays, the Library has been open from 9 A.M. to 10 P.M.

The essential work of the Library, the card catalogue, preparing the books for circulation, the shelving, the annual examination, and the many activities that are necessary from day to day in the administration of a library were carefully and systematically performed.

Printed lists of new additions were issued as supple-

ments to the Union Bulletin, and manuscript lists posted as often as new books were placed on the shelves.

As the Library grows in the number of volumes and in educational influence, the importance of keeping it up to its highest state of usefulness is fully realized by our Committee; and they are united in their efforts to make it a vital force in the every-day life of young men, leading them to better and broader things in the ever-widening field of knowledge.

The principal collections in the Library are located as follows:—

REPORT OF THE COMMITTEE ON ROOMS.

Partly as a matter of curiosity and partly to test the popularity of the Union Rooms, it was thought desirable to gather some statistics of attendance. The week comprising February seventh (7th) to February fourteenth (14th) inclusive, was selected at random to furnish the desired figures. It was found by careful enumeration that twelve thousand five hundred and sixty-six people (12,566), or a daily average of one thousand seven hundred and ninety-five and one-seventh ($1,795\frac{1}{7}$), entered our doors, of whom seven thousand and sixty-three (7,063), or an average of one thousand and nine (1,009), made use of the Library.

It is pleasant to note that many make use of the latter room at their leisure or noon hour, finding opportunity for improving or entertaining reading during the time that otherwise might be spent idly or unprofitably.

There have been no alterations in the building, save the placing of new bronze signs at the main entrance. These were the gift of one of our Directors, and replace the marble ones, which are transferred to the stage entrance on Boylston square. The thanks of the members are due for this useful and lasting donation. Only the ordinary and necessary repairs have been allowed, though these require constant watchfulness in order to prevent waste of our property.

Herbert C. Bronsdon, as Superintendent, has continued his faithful care over the building, and has been

ready at a moment's warning to engage with any emergency that might arise.

Richard Ray, Jr., has maintained the efficiency of the Library, and has carefully attended to those duties, as

BUST OF THE DUKE OF WELLINGTON IN SITTING-ROOM.

Assistant to the President, that naturally fall to the incumbent of such a responsible position.

James H. Dalton guards our membership register and the details of our minor cash accounts in his usual satisfactory manner. Percy H. Chute and Walter P. Wass resigned during the year to enter business.

Harry V. Grandin has been engaged as Junior Clerk and Typewriter.

We shall miss the faithful services of Stephen N. Wigglesworth, so long the efficient manager of our stage properties, who passed away September 22, 1905.

His place has been filled by Charles S. Wigglesworth, who had been associated with his father at times when the stage in The Union Hall has been in use.

David T. Harding has general charge of the repairs of the building and such other work as can come under his intelligent skill.

John Watt, as Janitor, and William I. Furey, as Assistant Janitor, are in constant attendance upon their various duties.

The following gentlemen, members of the Union, have acted as ushers during the season at various entertainments and meetings held in The Union Hall; and we gratefully acknowledge their zeal and courtesy:—

COMMITTEE ON BENEVOLENT
ACTION.

"COUNTRY WEEK" BOYS AT SUDBURY.

COMMITTEE ON BENEVOLENT ACTION.

The Christian Union believes strongly in the "brotherhood of man," and endeavors to prove its faith by its works.

The benevolent impulse of its generous friends becomes "benevolent action" through the function of this committee, and a system of personal helpfulness is thus put in operation which carries a little of cheer and comfort into many homes and hearts.

Our organized work now finds expression in three especial branches,—the Country Week, Rides for Invalids, and the Christmas Festival; while additional service is rendered through the Employment Bureau, the Board and Lodging Lists, the Thanksgiving Dinner, and other agencies.

The Country Week is one of our most important undertakings, and was the pioneer movement, we believe, among the many similar enterprises which now exist in American cities. For more than thirty years it has provided summer vacations for Boston's poorer children, and its unquestioned benefits have constantly proved the value of the work. Thousands of children have been cheered and strengthened through this happy agency, and many men and women are the better to-day because of the help given them in earlier years by the Country Week.

The statistics of the past season are as follows:—

Number given country vacations	2,194
Cash on hand April 1, 1905	\$1,032.74
Donations	13,829.59
Interest	441.50
	\$15,303.83

[The usual Special Report of the Country Week may be had on application. It is an attractive and interesting pamphlet.]

Rides for Invalids we still claim as a special enterprise of the Christian Union, the only work of this kind attempted in Boston, so far as we know. This also has been in operation for more than thirty years, and during this period has brought refreshment and rest to very many sick and weary ones, giving them a taste of fresh air and clear sunshine in our parks or down our harbor, and furnishing little children, with their tired mothers, the pleasure of many a trolley trip. Though the demands upon us are mostly made in the summer, there is

use for this service all the year round, especially in hospital work. Here are the statistics for last year:—

Electric car tickets distributed	13,302
Balance April 1, 1905	\$1,129.34

The Christmas and New Year's Festival had its thirty-third celebration in The Union Hall on Saturday afternoon, Dec. 30, 1905. Over six hundred and fifty children made merry on this joyous occasion, and some who were not present benefited by it.

There was a stage entertainment, together with a flag drill, singing by the children, refreshments, and the tree.

Howard's motion pictures gave almost as much delight as Burke's trained dogs, and Mr. Oliver's Santa Claus seemed the real thing to the little ones.

Miss Mabel LeFavour led the children in singing, and they gave the popular ditties with much enthusiasm and some music.

As the children departed, each received a package of material comforts, specially selected for individual needs, and the day closed on some happy children and a gratified committee.

These Christmas festivals not only give a day's pleasure to the children, but provide many more lasting benefits, as instanced by this extract from the letter of an appreciative mother:—

"I must write you a few lines to let you know how thankful I am to you for letting the children go to the Christmas tree, and the presents were very, very nice, and just what they needed, as they were all out of underclothes, and I couldn't get them just now. I had to borrow some shoes for Mary to go to the Christmas tree, as both her and John had bad shoes, and I wanted them to look at least neat going down there.

"It is the first time they ever went to a Christmas tree, and they will never get done talking about it.

"They enjoyed themselves very much. I don't know how to thank you. It is a great help to get those things, and I hope you will get double as much in return."

The financial statement of the Festival is as follows:—

Balance April 1, 1905	\$144.08
Receipts	2,278.90
	\$2,422.98
Expenses	2,281.66
Balance March 31, 1906	\$141.32

Miss E. S. Johnson, so widely known as the efficient secretary and manager of the **Country Week**, has also conducted the **Rides for Invalids** work, and has

rendered especial services in connection with the **Christmas Festival**.

One other Festival is kept by our institution,—namely, that of **Thanksgiving**, and the thirty-seventh dinner was given on November 30, in The Union Hall, to about two hundred of our members. The Committee in charge of the affair were William H. Baldwin, Charles L. Burrill, and William H. Brown, of the Board of Government, and George N. Faught, Arthur V. Howland, and H. C. Bronsdon, on the part of the members.

The tables were handsomely decorated in green and yellow, with pumpkins for candlesticks, and were supplied with menu pamphlets giving the Thanksgiving proclamations and other matter of interest.

At about one o'clock the guests marched into the hall, led by President Baldwin and Mr. Burrill and after the sumptuous dinner had been eaten, speeches were made by Messrs. Sprague, Horton, Burrill, Kershaw, Sawyer, and others.

Specially written hymns were sung, there was music by a mandolin club, and the usual barrel of Baldwin apples was opened.

The following is a list of the generous contributors to the entertainment:—

J. Reed Whipple & Co., Parker House, poultry and plum puddings; also from Young's Hotel, poultry; George G. Hall, Adams House, poultry, pastry, cake; S. S. Pierce Company, dessert in full variety; P. & J. Besse, ice-creams; Jones, McDuffee & Stratton Company, use of crockery and glassware; Cobb, Bates & Yerxa Company, sugar, butter, etc.; David Whiting & Sons, butter and milk; Oriental Tea Company, coffee; Hiram Ricker & Sons Company, Poland Spring Water; Samuel A. Neill, spices; Geo. H. Ellis Co., menus;

flowers from Wax Brothers; also voluntary cash contributions from friends.

The Employment Bureau has done better work than ever the past season, thanks to the good judgment and steady effort of our Curator, Mr. Herbert C. Bronsdon. Here are the statistics for the year:—

Applications for employment	942
Applications for employees	528
Sent to places	665
Places filled	500

Mr. Bronsdon has also done much good in a quiet way by distributing clothing to those in need of it.

Our Board and Lodging Lists, so systematically arranged by Mr. James H. Dalton, have been much consulted, and other features of our work have been carefully attended to.

It is hoped that all our Benevolent Action may be appreciated, and will continue to merit the generous support of our friends.

COMMITTEE ON PUBLIC WORSHIP
AND RELIGIOUS STUDY.

SOUTH-WEST CORNER OF PARLOR.

COMMITTEE ON PUBLIC WORSHIP AND RELIGIOUS STUDY.

One of the serious problems of life is to impress upon the young man of to-day the importance of developing the moral and spiritual side of his nature.

There are four important things essential in the life of a complete man. The physical life demands one thing, the mental and intellectual life another, the social life still another, and the moral and spiritual life which is latent in every man is constantly reaching out, consciously or unconsciously, in quest of things that are highest, truest, and noblest.

It is this problem that your Committee is trying to solve by placing before young men, at the critical time when each is deciding upon his scheme of life, opportunities for moral and religious culture, which are of supreme importance in the formation of character, and in the habits of right thinking and right doing.

Since April 1, 1905 (except during the months of July, August, and September), Sunday Evening Services were held, conducted by clergymen of various religious denominations, to which all young people and the public were invited.

These services were non-sectarian in character, and designed to teach a practical Christianity, justice, charity, self-control, with love to God and love to man.

In connection with the sermon or address each evening a choice programme of appropriate music was rendered by the Male Quartette, Philharmonic Orchestra, and others.

One evening each month was set aside for a lecture upon some topic of religious interest, fully illustrated by the stereopticon, and large and interested audiences attested the popularity of these lectures.

The Committee take this opportunity to publicly express their thanks and appreciation to the clergymen and others who have so kindly given their valued services, and also to those musical friends who have during the year favored the Union.

Vesper Cards have been issued each month, giving the names of speakers, with their subjects, music, and other information, which have been widely distributed to members and friends of the Union.

Your Committee is always happy to provide members with seats in any church of the city which they desire to attend, free or at a moderate expense, and render such other services as are in its power.

Summer List of Clergymen

As for several years past, a public invitation was extended to the clergymen of different religious denominations who were to be in Boston or vicinity during the summer vacation season, to send or leave their addresses with the President of the Union.

A list was carefully prepared, freely consulted, and proved to be of great convenience to many persons who had occasion to desire the services of a clergyman during that time.

COMMITTEE ON PHYSICAL CULTURE.

THE GYMNASIUM.

PHYSICAL CULTURE.

The Union Gymnasium.

The Committee on Physical Culture takes pleasure in recording another prosperous year in this department. The wide-spread interest in athletic exercise and sports of all kinds is nowhere more noticeable than in the Gymnasium, which is now regarded as one of the indispensable features of all modern institutions.

On April 1, 1906, there were 1,166 members in the Union Gymnasium, the largest in Boston.

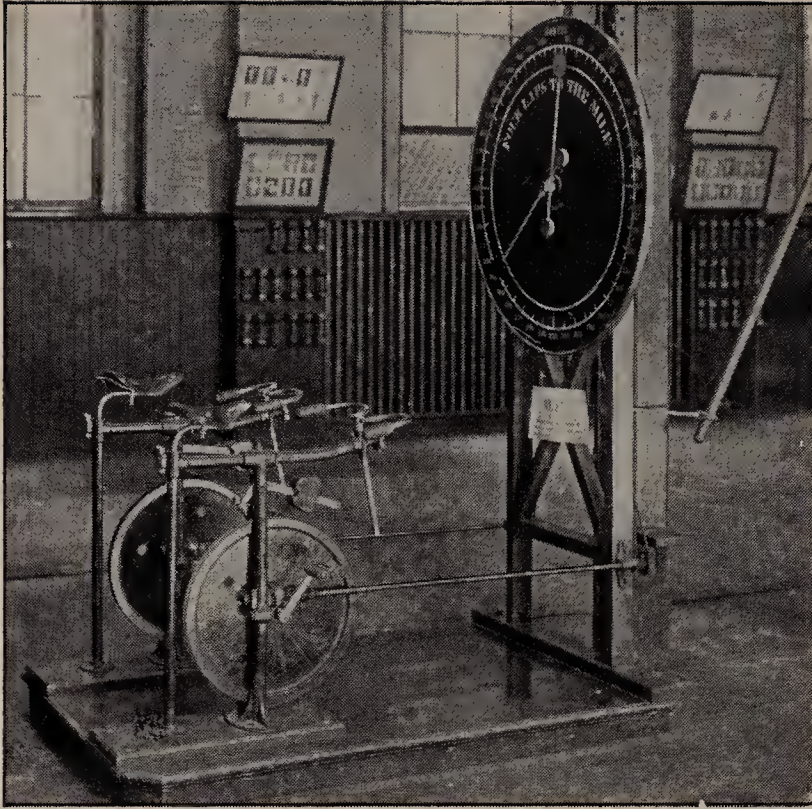

The very large attendance, especially in the evening, has often severely taxed the floor space; but the classes and exercises have been so arranged that overcrowding has been obviated as far as possible.

Among the new features recently introduced is the Japanese method of self-defence, or Jiu-Jitsu, under the direction of Professor Uchimura, a skilled exponent of this difficult science and art.

Classes have also been formed in fencing, under Professor Ranlett, and in boxing, under Mr. Everett F. Parks.

The Union Gymnasium Base-ball Team continued its games last summer with local and suburban clubs, and gave a good account of itself.

The Committee has several other new improvements in mind, which, however, must be deferred until an enlargement of the building—a pressing necessity—will admit of their being carried out.

BICYCLE RACING MACHINE.

Class Work.

The Classes are one of the most popular attractions to all gymnasium members. They especially appeal to beginners, as the exercises are easy and simple,

and yet of great value in building up the body. Business and professional men, whose time is limited, find the Classes of great benefit, and avail themselves of this opportunity to improve their physical condition at a minimum of time expended.

The classes are divided into the following: free movement, dumb bell, Indian club, high bars, parallel bars, German horse, vaulting and tumbling. The instructors and leaders are: Superintendent German F. Hoffman, Assistant Superintendent Everett F. Parks, and Messrs. Bertram J. Weston, E. W. Steele, Albert H. Ross, T. S. Connolly, E. H. Donohoe, T. L. Owens, John A. Dykeman, and F. W. Newell.

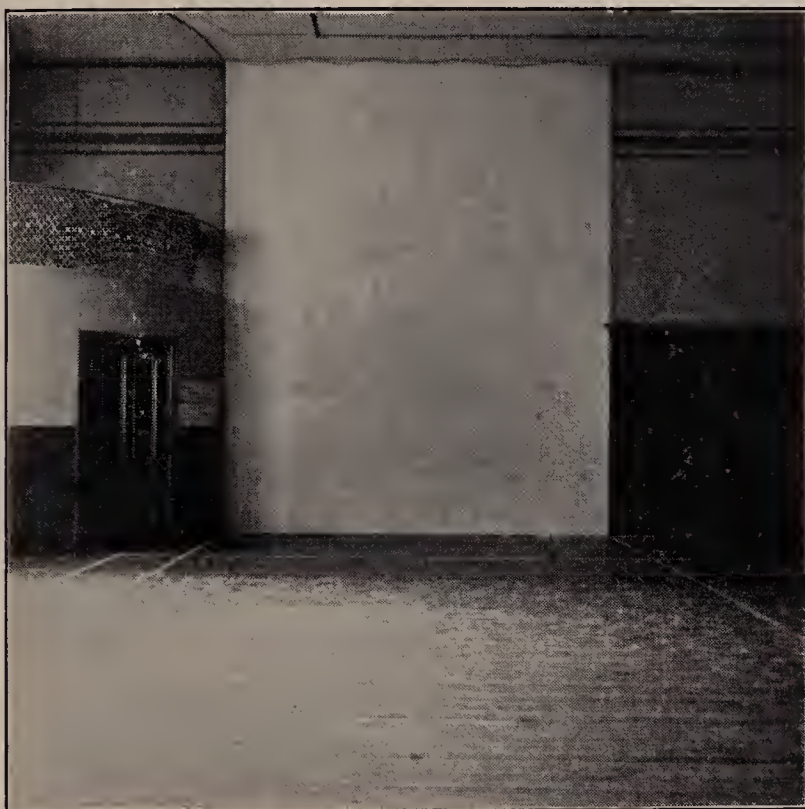

Special Classes for Boys are held every Saturday morning through the season.

The music for the class work has been in charge of
Music. our pianist, Mr. E. O. Downs, whose familiarity with the special requirements of this position has contributed in no small measure to the attractiveness of these drills.

The handsome white marble Hand-ball Court has been in constant use throughout the entire year; and
Hand-ball Court. the exhilarating exercise which the game affords, together with the required skill and the friendly competition, has been of great physical and mental benefit to large numbers of young men.

Bath-rooms.

Among the important adjuncts of all gymnasiums are the bathing facilities. The Bath-rooms, both general and

MARBLE HAND-BALL COURT.

private, are models of construction and cleanliness, being under constant supervision by a special attendant. They are thoroughly equipped with the latest appliances in this line, which make hot and cold water bathing delightful and invigorating.

A handsome bath-room, constructed of white marble, has been placed adjacent to the dressing-rooms at the easterly end of the Gymnasium, thereby adding to the convenience of the occupants of lockers in that section.

The dressing-rooms now contain a total of 1,381 ventilated lockers; and four private dressing-rooms, provided with extra large lockers, meet the special needs of many of our patrons.

Lighting.

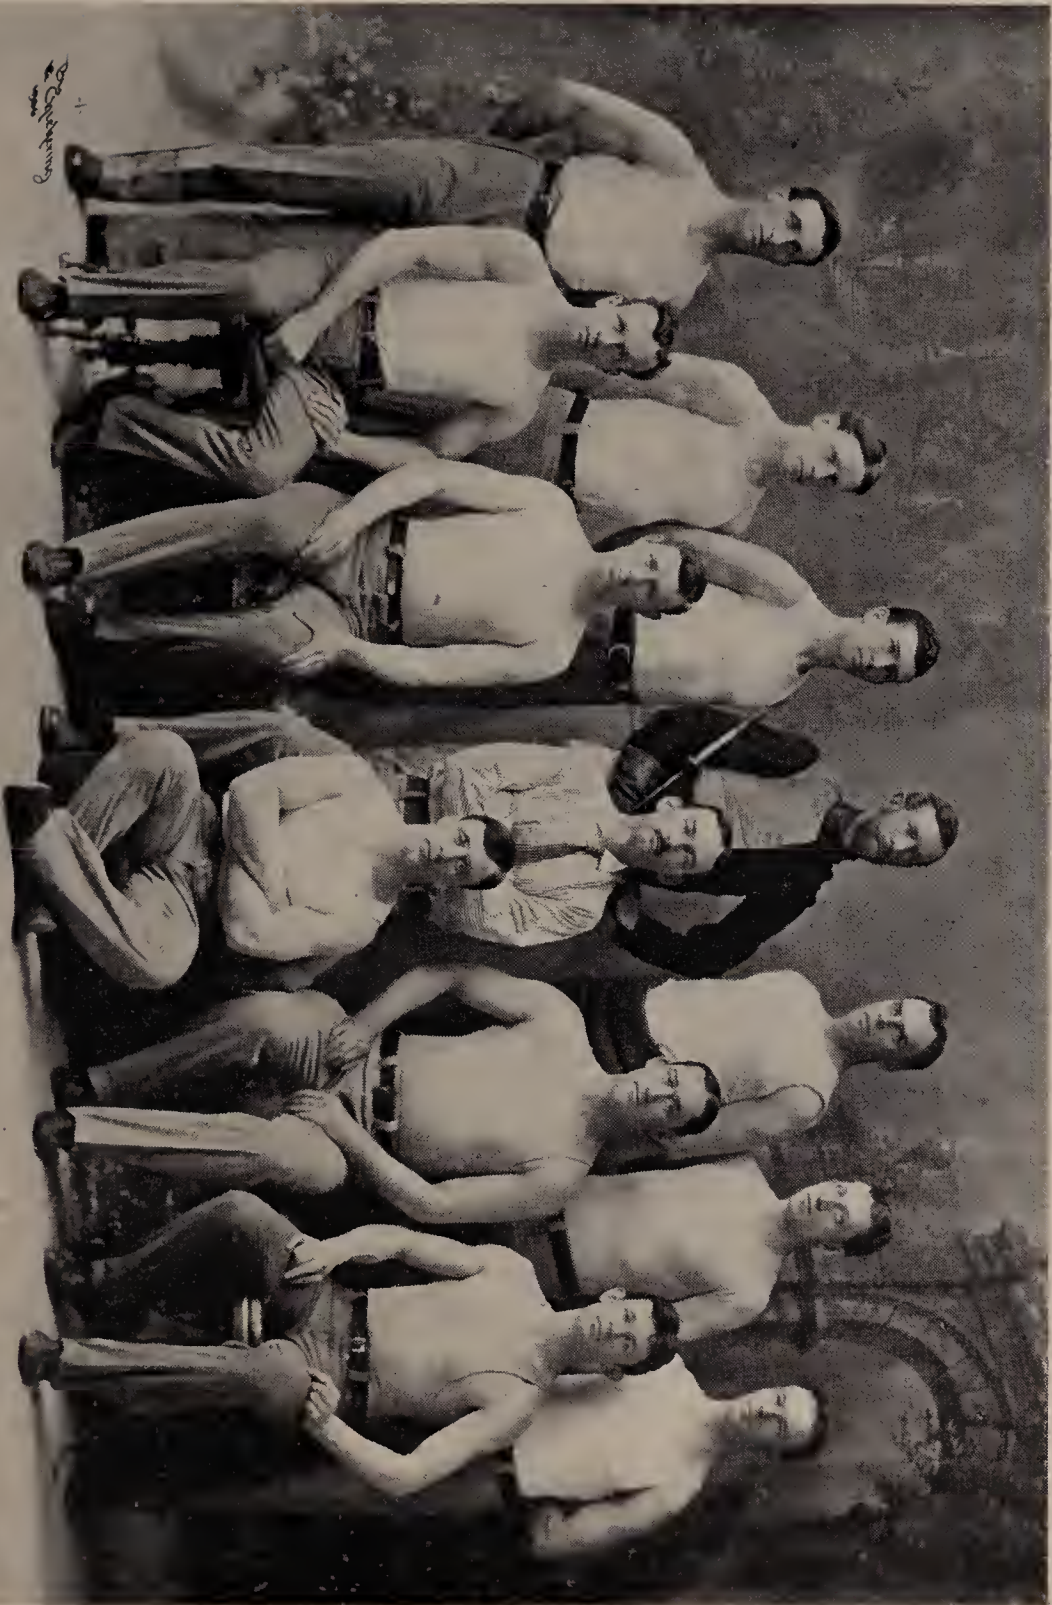

The lighting of the Gymnasium by the arc and incandescent systems, and the introduction of electric fans, have resulted in a great improvement in the illumination and ventilation.

A GENERAL BATH-ROOM.

Exhibition.

One public exhibition was given on March 16, on the stage of The Union Hall, the programme consisting of many novel and attractive features which gave practical illustration of the advancement and proficiency of the members, and greatly entertained the large audience present.

INSTRUCTORS IN THE UNION GYMNASIUM.

Our Superintendent, Mr. Hoffman, and his assistant, Mr. Parks, have both largely contributed to the effectiveness and popularity of the class work and the general gymnasium work; and they have also given personal care and instruction to such individual members as sought their counsel.

The Bicycle-room connected with the Gymnasium is conveniently located on the street level, with a special **Bicycle-room.** entrance, and wheels are checked free. This privilege is extended to all members of the Union. The room is open on all days except Sundays.

INDIVIDUAL BATH-ROOM.

Massage.

The massage treatment remains in care of our expert masseur, Mr Edwin F. Harding; and his services have been extensively availed of

by those who recognize the great benefit of this scientific treatment.

Physical Examinations.

Special attention is called to the opportunity extended all Gymnasium members for a free physical

examination by our Medical Director, Dr. William R. Woodbury.

The Medical Director's office has been recently supplied with a complete outfit of the most approved appliances for the testing and measuring of those who take physical examinations, these examinations being also in accordance with the Civil Service rules and methods.

A large percentage of our members avail themselves of Dr. Woodbury's advice, and at the end of the term they are re-examined to ascertain exactly what progress they have made.

The report of our Medical Director, Dr. William R. Woodbury, is herewith appended in full.

GYMNASIUM GALLERY, AT EASTERLY END OF GYMNASIUM.

REPORT OF DR. WM. R. WOODBURY, Medical Director of the Union Gymnasium.

BOSTON, March 31, 1906.

This year the nine thousand mark has been passed, as nine thousand and ninety Union Gymnasium members have been examined by the Medical Director since the Gymnasium was first opened.

Accurate and full records of all these examinations have been made, and they have been kept, and now are a valuable part of the equipment of the Medical Director's office. Their value consists not only in showing what this office has done for the Gymnasium and its members, but also in what it can do for those who avail themselves of its privileges; and every Union Gymnasium member ought to use this privilege.

A large fund of instructive and usable knowledge is contained in this collection of records, and the experience which the Medical Director can bring to the gymnasium member should help him in getting larger benefit from his work in the Gymnasium. With a right knowledge of his physical needs and how best to make the Gymnasium meet these needs saves much valuable time and energy. For want of that knowledge enthusiasm, as well as time and energy, are oftentimes wasted; and the beneficial results which a man anticipates and needs—and he knows he needs them—do not appear.

Every Union Gymnasium member ought to make an appointment to meet the Medical Director immediately upon joining, and get a right start; for so much depends

upon the way one begins his gymnasium exercise, particularly if he is an over active and hard-driven business man or a young and growing boy.

The past year a large number of men and boys were examined before taking up their work and play upon the gymnasium floor, and the benefit which came to them has been all they hoped it would be, and more.

During the year a large number of candidates for the Civil Service Examinations for the municipal police and fire departments availed themselves of the privileges of this office, which offers them the opportunity to try all the tests which are required in those examinations.

ARTICLE VI.

"Duties of the Board of Directors.

"It shall be the duty of the Board of Directors,—

"*First*, To provide for the use of the Society suitable rooms, centrally located in the city of Boston.

"*Second*, To provide and keep in said rooms such books, periodicals, and newspapers as will, in their judgment, promote the object of the Society.

"*Third*, To make such arrangements for social religious exercises as they shall deem practicable and conducive to the best interests of the Society."

A BRIEF HISTORICAL SKETCH OF THIS SOCIETY.

1851. The Boston Young Men's Christian Union was *instituted* in 1851, and *incorporated* under its present name in 1852.

Sept. 17, 1851, fifty-four years ago, the foundation of this society was laid.

After a successful existence of twelve years, its work was temporarily discontinued, in consequence of the interruption caused by the Civil War.

REORGANIZATION, APRIL 15, 1868.

The work was resumed again in 1868 under its present auspices, and rooms were provided at No. 12 West Street. These soon proving too small for the purposes of the society, larger ones were taken **1868.** in the fall of 1868 at what was then 300 Washington Street, corner of Suffolk Place, where the whole building above the first floor was eventually occupied.

These premises also proving inadequate, it became necessary again to move and enlarge the accommodations. A suitable lot of land having been found, a public appeal was made in the spring of 1874 for funds with which to purchase the land and erect a building for the society. By the generosity of its friends the necessary amount with which to begin the work was speedily secured.

NEW BUILDING.

The corner-stone of the new building was laid at noon of Sept. 16, 1875, in the presence of members of the Trustees and of the Board of Government, **1875.** and of a large number of interested friends.

COMPLETION AND DEDICATION.

The present building was completed and dedicated to the use of the Union March 15, 1876. By the munificent legacy of eighty thousand dollars from **1876.** the late Joseph B. Eaton, a Life Member, supplemented by the generous gifts of many friends, the society was enabled in 1879 (December 10) to hold its building free from all indebtedness.

The enlarged facilities not only increased the power

of the Union in various fields of benevolent work at home and abroad, but the greatly augmented membership tested the building to its utmost capacity.

ENLARGEMENT AND REDEDICATION.

In 1882, on account of the constantly increasing membership of the Union, and the growing and pressing need of still larger accommodations, the society found **1883.** that the building was still not spacious enough, and an enlargement was deemed necessary. An appeal was made to its numerous friends, who promptly responded; and the addition to the building was made and *dedicated May 28, 1883.*

The extension has a frontage of *seventy-two feet on Boylston Square*, so that now the Union Building has light from all four sides, and *covers over eleven thousand feet.*

Aims and Objects.

The chief aim of the officers of the society is to make the Rooms, to as great an extent as possible, a home for young men; to offer every possible attraction in the shape of books, papers, games, pleasant companions, evening classes, public religious services, lectures, amateur and musical entertainments, and other means of instruction and recreation.

Without losing sight of its special work, the Union has always been ready to discharge its duty to the community by such general benevolent work as may come within its scope.

In this branch of outside work the officers have been greatly assisted by members, and committees of ladies who have labored indefatigably and successfully. Among these special objects may be mentioned the "Christmas and New Year's Festival for Needy Children," the "Rides for Invalids," and "Country Week" for poor children.

In addition to these are the occasions when, at times of disaster abroad, the Rooms have been made a depot for the receipt of contributions, and a source for the distribution of relief.

Central Location.

The building is very centrally located, being situated on Boylston Street, corner of Tamworth Street, near Tremont Street overlooking the Common, and has also a frontage on Boylston Square, with an entrance opposite Washington Street.

It is open to light and air on every side, is near the entrance to the subway, corner of Boylston and Tremont Streets, and nearly all the various lines of electric cars either pass the door or near by, on Tremont and Washington Streets.

**Reception
Room and
Office.**

The Reception Room is at the head of the first flight of stairs from Boylston Street, with side windows opening upon Tamworth Street, formerly called Lowell Place. The members and all other persons visiting the Union enter here, and from this room pass to the other portions of the building occupied by the society.

It contains the desk of the Curator, Librarian, and Book-keeper, and facilities for checking the garments of members. It is also supplied with tables for checkers and dominos, a Briggs Bagatelle Table, and the leading Boston daily newspapers on file.

The business of the society is here transacted, strangers and others desiring information are received, and such attentions are afforded as are in the power of the Union to furnish.

It is estimated that in the more active season (October to May) from **1,600 to 2,200 young men and others** visit the Union Rooms daily.

The room is open every day, including Sundays from eight o'clock A.M. to ten o'clock P.M.

**The
Sitting Room.**

The Union Sitting Room, connected with this room, fronts on Boylston Street, and commands a fine view of the Common. It is pleasantly furnished, has a piano, and is intended to be a social room for members.

Chess Room.

Adjoining the Sitting Room is the Chess Room, especially devoted to chess-playing, and open to members after two o'clock P.M.

**President
and
Directors' Room.**

The President and Directors' Room, connected with the Reception Room in the rear, is used for the business purposes of the society. It commands a view of the entire floor.

The Library. The Library and Reading Room is in the L, and is also connected with the Reception Room. It is lighted with windows on three sides, and is furnished with a library of almost eighteen thousand volumes, with the leading magazines, religious papers of all denominations, illustrated weekly, and daily papers.

The Library Room has a capacity for from forty thousand to fifty thousand volumes, and is the largest reading-room in Boston, with the exception of the Public Library, being one hundred and twelve feet long, and having five thousand feet of floor space.

Members can at all times take books from the shelves and read them in the room, the Library thus becoming so attractive that many are induced to spend their time in reading who would not do so unless the books were placed, as it were, in their hands. Books can be taken for home reading by having them charged at the Librarian's desk.

Correspondence. Facilities for correspondence are furnished to members, in connection with the Library.

The Study. The Union Study, opening from the Library, is supplied with books of reference, accessible to members at all times.

Toilet Rooms. The Toilet Room, with bathing-rooms attached, is down a rear flight of stairs from the Reception Room.

The Gymnasium. The Gymnasium, another flight below, on the ground floor, is spacious, and lighted on every side.

The improvements in 1883 added nearly three thousand feet of floor space, so that it is now one of the largest and most complete of the gymnasiums in this country.

It is 136 feet in length, and covers 6,200 superficial feet, exclusive of dressing-rooms, or, in all, over 10,000 feet.

It is provided with bath-rooms, large dressing-rooms, and with a great variety of modern apparatus of the most approved patterns.

The dressing-rooms are fitted with commodious lockers, both free and private, a slight charge being made for the latter; and the members are entitled to the use of the shower, sponge, douche, needle, and tub baths, which are provided with hot and cold water.

The Hand-ball Court, in the Gymnasium, has a smoothly finished marble wall especially adapted to this game. Instruction is afforded to members by German F. Hoffman, Superintendent, Everett F. Parks, Assistant Superintendent, William R. Woodbury, M.D., as Medical Director; and Bertram J. Weston, E. W. Steele, Albert H. Ross, T. S. Connolly, E. H. Donohoe, T. L. Owens, John A. Dykeman, and F. W. Newell, Special Instructors.

Terms. Members of the Union become entitled, by the payment of **seven dollars per year**, to the use of the Gymnasium at all times when open.

Four dollars per year entitle them to its use after seven o'clock P.M.

Bicycle-check Room.

A Bicycle-check Room, with an entrance on Lowell Court, has been opened for the *Free* use of members of the Union.

Committee and Class Rooms.

Committee Rooms connect with the parlor and each other by wide doors, and are used, as well as other smaller rooms, as occasion requires.

Five large and three small Class Rooms were gained by the addition to the building in 1883.

The Union Hall.

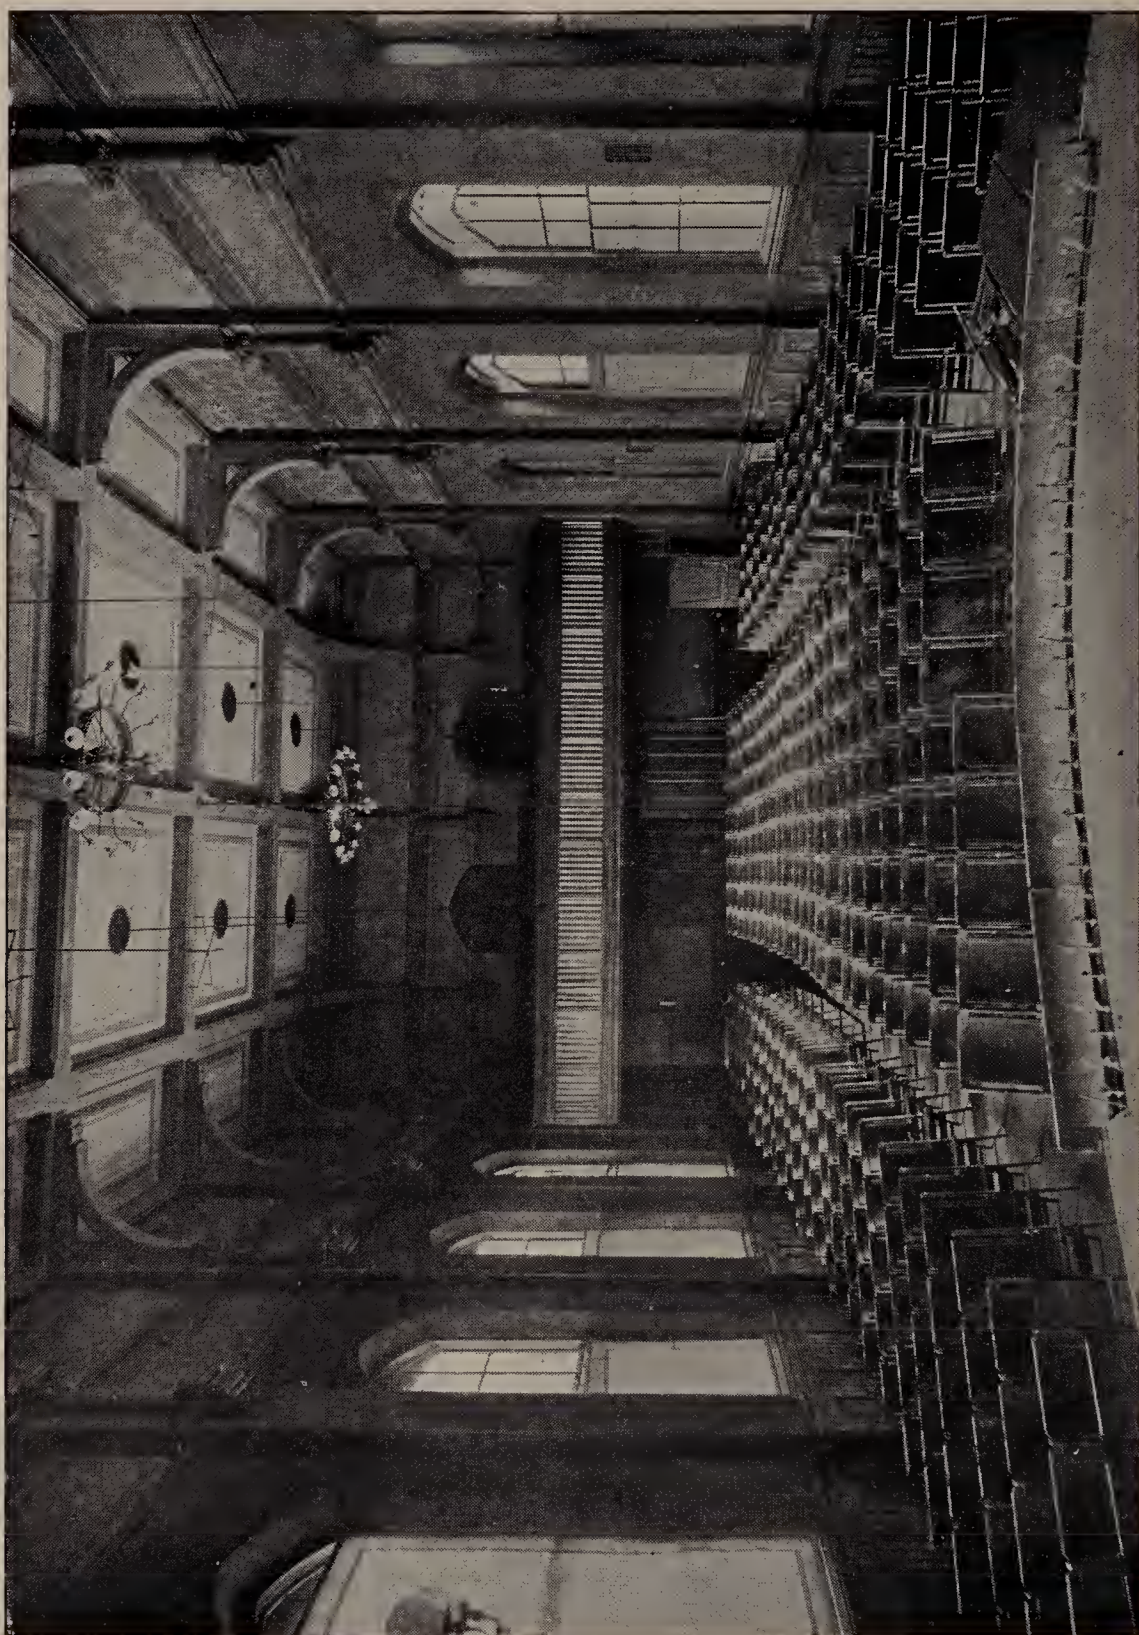

The Union Hall is reached by two easy flights from Boylston Street, as well as by a spiral staircase from the Reception Room, and has an exit on Boylston Square. It is furnished with folding seats, neatly upholstered in leather, and is capable, with the gallery, of seating five hundred and two people.

There is a ticket office on the street floor, which may be used in connection with this hall, when desired.

The Stage. The stage, which was enlarged and improved in 1883, is thirty-six feet wide and thirty-nine feet deep, with a proscenium twenty-one feet, and is the largest private stage in the city. It is provided with a modern asbestos fire curtain.

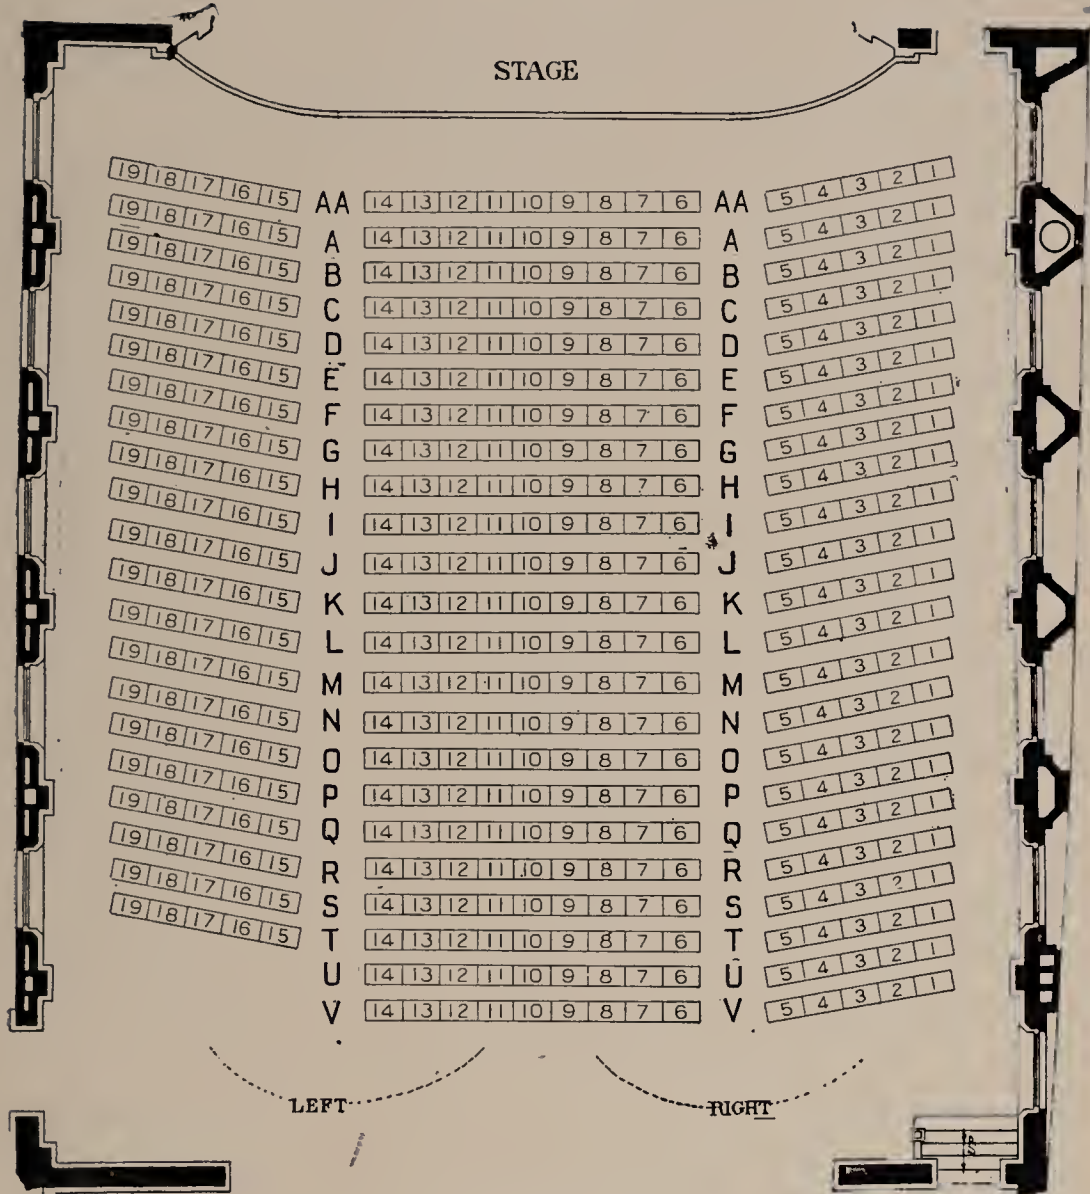

The Union Hall was redecorated in 1904, and is admirably adapted for concerts, lectures, and dramatic performances, for which it is provided with new and appropriate fireproof scenery. It is thoroughly ventilated, and has the incandescent system of electric lighting. Connected with the stage are large and convenient anterooms and dressing-rooms, with a separate entrance from Boylston Square.

The hall is used for religious services, lectures, entertainments, and other public purposes of the society, and is also let for similar purposes, when not used by the Union.
